

LIQUID EGGS

All liquid egg product prices are too few to report. The undertone is steady to lower for whole egg and whites and lower for yolk. Buyers are working from contractual agreements and company owned production as they wait for post-Easter price adjustments. Offerings are light for whole egg and whites and heavy for yolk as most liquid available for this week's deliveries were sold well in advance. Current demand is light for any spot liquid egg products. Market activity is slow.

Non-pasteurized in trucklots; current trading for delivery within 14 days.
